Vegetarian diets

are encouraged with a 10% discount for a fully vegetarian menu. And over half of the offerings on our menus are vegetarian.

Local and organic

We source as much food locally as we can, and we encourage no air freight policies on our food. We try and buy organic produce when possible.

Reducing single use packaging

We don't use single use boxes for your lunches, we use our reusable multiuse boxes or china platters. We use sustainable alternatives such as biocane plates, made from reclaimed plant fibre..

Free range

All our meat and eggs are free range, local and pasture fed.

Our electricity

is supplied by Ecotricity, Britain's greenest energy company. And we've installed a large array of solar panels onsite to generate our own electricity and power our 100% electric kitchen.

Food waste

is sent off to be generated into renewable energy.

100%

electric delivery vehicles

And 80% of our workforce cycle, walk or take public transport to work.

Surplus food

is redistributed to homeless charities in Bristol.

Kate's Kitchen strives to have a positive impact on our environment.
